

2017 Mazda3

DRIVING MATTERS®

zoom-zoom

DOES DRIVING MATTER?

Does a long, winding road or an empty freeway
on Sunday morning matter if the car you're in
doesn't take advantage of the moment?

Does safety, technology, efficiency or even beauty matter,
if a car doesn't feel right in your hands?

If you build Mazdas, driving is what matters most.

That's why everything we do makes driving better.

Like safety technology that inspires confidence.

Engine technology that makes our cars and SUVs
more fuel-efficient. Yet still responsive.

And designs that capture motion,
even when the car isn't moving.

What's better than a great driving car?

A car company that won't build anything less.

MAZDA. DRIVING MATTERS®

CAN THE MAZDA3 MAKE DRIVING BETTER?

In the newly restyled 2017 Mazda3, art meets engineering. But to what end? Does incessantly improving every detail matter to you?

Are you drawn to our determination to create beauty through our KODO: “Soul of Motion” design? Or our focused desire to create

a car that’s light, strong and technologically advanced? The truth is, Mazda knows that all of it matters. Because Driving Matters.

From the drawing board to the passing lane, driving enjoyment is our final measure of success. Even how you feel at the end of a

long drive is an indication of a great-driving car. If you like driving, you may find yourself loving the Mazda3.

MAZDA3 NAMED A *CAR AND DRIVER* "10BEST"
THREE YEARS IN A ROW¹

2016 *CAR AND DRIVER* EDITORS' CHOICE-
COMPACT CAR

EVERYTHING YOU LOVE ABOUT
DRIVING IN ONE PACKAGE.
MAKE THAT TWO.

The Mazda3 never stops pushing the limits of innovation and design.

From its excellent fuel efficiency and cutting-edge technologies to its premium available features and head-turning design, the Mazda3 truly delivers more—down to the very last detail.

The Mazda3 keeps getting better and better because it's built by design perfectionists for driving enthusiasts. Newly re-crafted inside and out with stunning design sensibilities and precision engineering. It feels poised and looks as if in motion, even before you start the engine. And the Mazda3 is loaded with the latest in breakthrough technology innovations, refreshed with driver-centric instruments and displays, available high-end features and legendary driving dynamics. It's better than ever. As versatile as always, the Mazda3 proves that one car can offer everything you need to love driving even more—settling for nothing less than the best driving experience possible.

OUR MOST TECHNOLOGICALLY ADVANCED MAZDA3 YET.

Mazda3 Grand Touring 5-Door model shown in Soul Red Metallic

STANDARD AND AVAILABLE FEATURES AND INNOVATIONS:

4-Wheel disc brakes	Lane-keep Assist ³	SKYACTIV-Chassis	MAZDA CONNECT™ infotainment system ¹⁰ with:	60/40 split fold-down rear seatbacks	Rearview camera ⁸
Anti-lock Brake System	Smart City Brake Support ⁴	SKYACTIV-VEHICLE DYNAMICS with G-Vectoring Control	- 7-inch full-color touch-screen display	Dual-stitched perforated leather-trimmed seats	Up to 47.1 cubic feet of cargo space (5-Door models)
Electronic Brakeforce Distribution	Smart Brake Support ⁵	i-ELOOP regenerative engine braking system	- Multifunction Commander control	Push Button Start	Up to an EPA-est. 37 HWY MPG ⁹
Brake Assist	Mazda Radar Cruise Control ³	Up to 60 percent ultra-high and high tensile steel	- Infotainment system voice command	Electronic Parking Brake	Paddle Shifters on steering wheel
Six standard air bags ¹	Traffic Sign Recognition System ⁶	Bluetooth® hands-free phone and audio streaming	- HD Radio™	18-inch aluminum alloy wheels	Adaptive Front-lighting System
Advanced Blind Spot Monitoring ²	SKYACTIV®-G 2.0L and 2.5L gasoline engines	Bose® Centerpoint® 2 Surround Sound System with 9 speakers	- Pandora® internet radio integration	4-wheel independent suspension	Auto on/off headlights
Rear Cross Traffic Alert ²	SKYACTIV-MT manual transmission	SiriusXM Satellite Radio ⁷	- Stitcher™ internet radio integration	Active Grille Shutters	LED headlights
High Beam Control	SKYACTIV-Drive automatic transmission	Mazda Navigation System	- SMS text message audio delivery and reply	Heated Steering Wheel	LED daytime running lights
Lane Departure Warning System ³	SKYACTIV-Body		Full-color Active Driving Display	Mazda Advanced Keyless Entry System	LED combination taillights
			Auto-dimming rearview mirror with HomeLink®	Rain-sensing windshield wipers	

¹Always wear your seat belt and secure children in the rear seat in appropriate child restraints. ²Always check your mirrors. Be aware of the traffic around you. There are limitations to the range and detection of the system. Please see your Owner's Manual for further details. ³Not a substitute for safe and attentive driving. There are limitations to the range and detection of the system. Please see your Owner's Manual for further details. ⁴Smart City Brake Support operates under certain low-speed conditions between about 2 and 18 mph. It is not a substitute for safe and attentive driving. Factors including movement and shape of the object in front of the vehicle, weather and road conditions can all impact automatic stopping. ⁵Smart Brake Support operates under certain conditions above 10 mph. It is not a substitute for safe and attentive driving. Factors including movement and shape of the object in front of the vehicle, weather and road conditions can all impact automatic brake control and collision warning. ⁶Traffic Sign Recognition System is not a substitute for safe and attentive driving. Factors including weather and the condition of the traffic sign can all impact recognition or display of the sign. Always check traffic signs visually while driving.

There are limitations to the range and detection of the system. Please see your Owner's Manual for further details. ⁷SiriusXM Satellite Radio reception requires a subscription and Mazda satellite radio. See full disclaimer in Specifications. ⁸Rearview camera does not provide a comprehensive view of the entire rear area of this vehicle. Always check your surroundings. ⁹Based on EPA estimates for 2017 Mazda3 models with 2.0L engine and automatic transmission 28 city/37 highway MPG. Grand Touring 5-Door model with automatic transmission shown, 26 city / 35 highway MPG. Actual results will vary. ¹⁰Don't drive while distracted. Even with voice commands, only use MAZDA CONNECT™/ other devices when safe. Some features may be locked out while the vehicle is in motion. Not all features are compatible with all phones. Message and data rates may apply.

CAN HOW A CAR LOOKS IMPACT HOW IT FEELS TO DRIVE?

Because Mazda designers never stop at “good enough,” they examined every curve, every line and every angle of the Mazda3.

Achieving bolder, more dignified proportions. Refinements that embody the most dramatic expression of KODO design.

The Mazda3’s crouching stance, newly refaced grille and piercing redesigned headlamps and fog lamps make a formidable first impression. But more than just being beautiful, the Mazda3 was designed with a focus on aerodynamics to provide a very low coefficient of drag. And better aerodynamics equals improved performance and handling. We don’t do it for bragging rights.

We do it solely to elevate your driving experience.

^
KODO: “Soul of Motion.” Energy in motion. Power in motion. It’s the inspiration behind the design of every Mazda vehicle. Created to transform ordinary sheet metal into something that embodies the vitality of a living being, KODO exudes the power and elegance of a wild animal in the instant before it pounces on its prey.

IS IT POSSIBLE TO ENGINEER AN EMOTION?

The Mazda3 is a testament to obsessive engineering. Down to the smallest detail. To achieve a greater level of precision and artistry, Mazda engineers sculpt every design in hard clay rather than rely solely on computer-aided design. By using special tools crafted by the artists themselves, Mazda is able to produce a design so precise that it measures within a fraction of a millimeter of the engineers' original vision. Of course, the original vision was not to build to a set of mathematical equations. It was to create a sense of motion in every shape and detail. It's a level of craftsmanship that might seem extreme, but we're Mazda, and we won't build anything less.

ENLIGHTENED DESIGN

Working in concert with the craftsmanship and artistry of clay modeling, our engineers used computer-aided drafting models to project simulated reflections on the surface of the Mazda3. Based on these reflections, our engineers subtly adjusted the lines and curves of the Mazda3's exterior design to achieve the most symmetrical and visually pleasing design.

A CLEAR VISION OF THE ROAD AHEAD.

The Mazda3's restructured KODO-design headlamps are not only striking, but provide a sharper vision of the road. Available LED headlights incorporate a dynamic light-guiding ring and feature LED Daytime Running Lights for more effective illumination. In Grand Touring models with the Premium Package, an Adaptive Front-lighting System adjusts the angle of the vehicle's headlights according to the steering angle and vehicle speed, while available High Beam Control also improves your view. This innovative system works automatically to maximize your opportunity to use your high beams and, on the flip side, dim your lights when it detects approaching vehicles or vehicles in front of you in your lane. Beautifully designed and technologically advanced, there's no better way to illuminate your journey.

FREE-FLOWING

The Mazda3 Grand Touring with i-ELOOP Package is equipped with an Active Grille Shutter System that temporarily closes the grille shutters to limit excess airflow to the engine bay, improving aerodynamics.

SKYACTIV[®] TECHNOLOGY

At Mazda, creating a better driving experience is our first priority. That means we would never design a vehicle that sacrifices performance for fuel efficiency. Instead, we did the impossible and enhanced both. SKYACTIV[®] TECHNOLOGY is a holistic system that takes the entire car into consideration, delivering a series of innovations—including new SKYACTIV-VEHICLE DYNAMICS with G-Vectoring Control for a better, smoother ride—that work together to improve the overall driving experience. Power and performance are delivered in abundance, along with efficiencies that allow the Mazda3 to offer up to an EPA-estimated 37 highway MPG.¹

01 SKYACTIV-G

By reimagining the combustion engine with a lofty compression ratio of 13:1, increased power no longer requires fuel-consuming engine displacement. Get up to an EPA-estimated 37 highway MPG¹ on Mazda3 models with the SKYACTIV-G 2.0L engine.

02A SKYACTIV-DRIVE

Our engineers created a new kind of precise, high-performance automatic transmission that combines the direct feel of a manual transmission with the silky smoothness of an automatic. In Sport Mode, it provides a more performance-oriented shift logic, allowing you to hold lower gears longer and giving you more control when driving in challenging conditions, such as on curvy mountain roads.

02B SKYACTIV-MT (NOT SHOWN)

The Mazda3’s six-speed manual transmission has a short shift throw inspired by the legendary Mazda MX-5 Miata. This generation’s manual transmission is also smaller, lighter and stronger than any we’ve built before.

03 SKYACTIV-CHASSIS

The Mazda3’s steering and suspension systems achieve two seemingly contradictory goals at once: to be nimble at low speeds, yet stable at high speeds. We also engineered them to be light, allowing for a more direct and agile feel.

04 SKYACTIV-BODY

Mazda was the first automaker to use ultra-high tensile-strength steel in a production vehicle. The SKYACTIV-Body in the Mazda3 continues to incorporate this light-but-strong steel in critical areas to help make it lighter than normal, yet stiffer and stronger.

05 i-ELOOP

i-ELOOP, Mazda3’s available regenerative engine braking system, converts unused energy captured when the accelerator is released into electricity. This allows the car to use all its power during acceleration by eliminating alternator drag.

SKYACTIV-VEHICLE DYNAMICS WITH G-VECTURING CONTROL

Working seamlessly behind the scenes, vehicle input is analyzed and subtle alterations to power delivery are made. This creates a minute shift in the vehicle’s mass upon the initial turn-in and throughout a curve to provide you with steering that is more precise and controlled for a smoother, more fluid ride that results in less fatigue on longer trips.

MORE INNOVATION. MORE DRIVING EXHILARATION.

Exhilaration has always run in the Mazda3 family. And the 2017 Mazda3 continues this legacy. Always pushing the limits, the Mazda3’s already excellent performance and handling amplifies the exhilaration with a precisely tuned 4-wheel independent suspension system and your choice of spirited 2.0-liter or 2.5-liter SKYACTIV®-G gasoline engines, with the 2.5-liter offering 184 horsepower. Also helping to make your drive smooth and enjoyable is SKYACTIV-VEHICLE DYNAMICS with G-Vectoring Control, a breakthrough technology that helps control the vehicle’s weight and momentum to provide a more precise and less-fatiguing drive. The Mazda3 proves that our engineers will go to any length to improve your driving experience.

JINBA ITTAI

To achieve “oneness” between a vehicle and its driver, Mazda engineers were inspired by the concept of *jinba ittai*, or “horse and rider as one.” When a vehicle becomes an extension of the driver, only then is perfect harmony achieved. And everything in the Mazda3, from the throttle response and driver-centered cockpit to the agile steering, delivers this principle of *jinba ittai*. Because Driving Matters.

Mazda3 Grand Touring 4-Door model shown in Soul Red Metallic

"G-VECTURING CONTROL IS JUST ANOTHER SMALL STEP
ON MAZDA'S MARCH TOWARD HANDLING PERFECTION."

— *Road & Track* | June 2016

Mazda3 Grand Touring 4-Door model with Premium Package shown in Soul Red Metallic

TAKE CONTROL

As part of the Grand Touring Premium Package, paddle shifters on the steering wheel allow you to upshift and downshift the SKYACTIV®-Drive 6-speed automatic transmission without taking your hands off the wheel. Or your eyes off the road.

Mazda3 Grand Touring 5-Door interior with Premium Package shown in Parchment leather

WHY MAZDA3 DRIVERS NEVER FEEL LIKE THEY'RE STUCK IN TRAFFIC.

For our Mazda engineers, creating a car that's sporty, practical and exhilarating to drive simply wasn't enough. They wanted to enliven the driving experience from the moment you open the door. To create this new level of connectedness, the center gauge lights up and pulsates like a heartbeat when you enter the cabin. And when you use the push button to start the ignition, the side gauges also illuminate, while—when equipped—the newly restyled Active Driving Display rises to greet you. Sharper quality, increased resolution and even more pertinent information are directly in your field of vision. Even the Mazda3 cockpit is built to keep you connected. Designed around a theoretical vanishing point that's forward-focused, it helps keep your attention on the road ahead. Just another reason why everything about the Mazda3 is exciting, alive—and completely connected.

DASH YOUR INHIBITIONS

The available full-color Active Driving Display is strategically positioned directly in the driver's field of vision. By projecting critical driving information directly in front of you, right within your line of sight, this innovative display helps you take your mind off of distractions and your eyes focused toward one place—the road ahead.

Information displayed: vehicle speed, tachometer, navigational directions, safety alerts, cruise control data and speed limit information (when available)

THE LITTLE THINGS WILL ALWAYS MATTER TO US.

Cabin enhancements made to the Mazda3 offer a new level of distinction nonexistent in other affordable compact cars. Never satisfied with the status quo, we considered every interior detail for quality and comfort. From improvements in accessibility to each control, to new high-end appointments and finishes—including an elegant center console design and available heated steering wheel—the evolved cockpit delivers a relaxed and enjoyable drive, no matter how far the journey.

>

THE HOLE TRUTH
By making the seat perforations moderately large and the distances between them small, our engineers created upholstery that's not only soft and breathable, but also absorbs road noise for an enhanced audio listening environment.

>

PERFECT FIT
The Mazda3's sport seats are contoured to mold perfectly to the body, giving you and your passengers a more comfortable and connected ride, no matter how long the commute. Adding to the Mazda3's high-end appeal are its available dual-stitched leather and leatherette seats that are as carefully crafted as they are beautiful.

Mazda3 Grand Touring 4-Door interior with Premium Package shown in Parchment leather

Mazda3 Grand Touring 5-Door interior with Premium Package shown in Parchment leather

STORAGE FLEXIBILITY THAT GIVES YOU ROOM TO ROAM.

With the Mazda3, you can enjoy all the conveniences of a compact car without ever compromising cargo space. With both rear seatbacks folded down, Mazda3 5-Door models offer up to a generous 47.1 cubic feet of storage space. And when you have more passengers than gear, the Mazda3 offers plenty of versatility. Its 60/40 split fold-down rear seatbacks allow you to either fold down both sections for maximum storage, or keep one section up, leaving room for a passenger or child safety seat.

TAKE COMMAND
The multifunction Commander control positioned on the center console offers a seamless way to control the functions displayed on the full-color touch-screen monitor—such as audio, hands-free telephone, and the available Mazda Navigation System.

IS IT POSSIBLE TO MAKE A GETAWAY WITHOUT MISSING A THING?

No matter where you're headed, the MAZDA CONNECT™ advanced infotainment system helps keep you entertained, informed and connected to the outside world. Pair your smartphone with the Mazda3 via Bluetooth® to stream content from popular social media, music and infotainment apps. The multifunction Commander control allows you to effortlessly navigate the 7-inch full-color touch-screen display without distraction. Also enjoy access to standard USB audio input ports and an available factory-integrated navigation system with cutting-edge features such as voice command and advanced lane guidance. Now all you have to focus on is driving—which is just how you like it.

ENTERTAIN
Of course AM/FM radio is always a choice, but now there are many ways to explore music and infotainment options via your Bluetooth®-enabled and Internet-connected device. Connect to your Facebook and Twitter feeds, enjoy HD Radio™, listen to your own playlist or choose something from the integrated Internet radio apps such as Pandora®, Aha™ and Stitcher™.

COMMUNICATE
With voice commands, making and receiving calls is as easy as pushing a button and saying hello. Thanks to the Mazda3's Bluetooth® hands-free phone and audio streaming, you stay connected to your compatible mobile device. And SMS Text Message Audio Delivery and Reply lets you enjoy a fully integrated display and audible readout of incoming text messages, and the ability to reply by choosing from a number of preset, standardized return messages.

NAVIGATE
Our convenient available factory-integrated Mazda Navigation System offers the advanced features of today's navigation devices, including voice commands and advanced lane guidance. Plus, getting around town—or out of town—has never been easier thanks to the system's 3D interactive map with step-by-step audio directions.

PANDORA®

*Don't drive while distracted. Even with voice commands, only use MAZDA CONNECT™ / other devices when safe. Some features may be locked out while the vehicle is in motion. Not all features are compatible with all phones. Message and data rates may apply.

IN TUNE WITH YOU IN EVERY SENSE.

We believe a connected driving experience should even include your sense of hearing. That's why for the Mazda3,

we opted for nothing less than the latest generation Bose® Centerpoint® 2 Surround Sound System.

This available system with 9 speakers enables listeners to enjoy a surround sound experience from nearly any stereo source.

It has been specifically engineered to meet the unique demands of reproducing surround sound for the Mazda3's interior dimensions.

And unlike conventional synthesized surround sound systems that compare left and right channel information to create a virtual

surround experience, Centerpoint® 2 technology uses frequency content in addition to stereo information to create a more lifelike

surround experience, while AudioPilot® 2 technology compensates for ambient noise within the cabin.

SPEAKERS:

A 2.5-inch mid-range Twiddler® x 2 B Front-door 9-inch woofer x 2 C Front 3.25-inch mid-range center Twiddler®

D Rear-door 5.25-inch woofer x 2 E 2.5-inch mid-range Twiddler® x 2 F 5200-series, 8-channel digital amplifier

i-ACTIVSENSE®

CAN THE PERFECT DRIVE BE DEFINED BY WHAT DOESN'T HAPPEN?

Avoiding an accident in the first place is always the safest route. With the available i-ACTIVSENSE® suite of safety features in the Mazda3, you can focus on what really matters—the road ahead. Sophisticated safety innovations that alert you to hazards so you can better avoid collisions—or lessen their impact—is how we engineer confidence.

Mazda3 Grand Touring 5-Door model with i-ACTIVSENSE® Package shown in Soul Red Metallic

SMART CITY BRAKE SUPPORT¹

When travelling at low speeds, this system helps detect objects ahead. If an impact is predicted, the system will adjust the brake pads closer to the disc for faster braking, or apply the brakes if you're unable to.

LANE DEPARTURE WARNING SYSTEM²

Alerts you when you're unintentionally about to depart from your lane at a speed of 44 mph or higher.

LANE-KEEP ASSIST²

Adds to the warnings of the Lane Departure Warning System by performing minor steering corrections to re-center the vehicle in its lane upon sensing an unintentional lane departure.

MAZDA RADAR CRUISE CONTROL²

This system works within a set speed range to help maintain a safe following distance from the car ahead, alerting you when it senses your vehicle fast approaching.

DISTANCE RECOGNITION SUPPORT SYSTEM²

At speeds above 19 mph, this system estimates your distance from the vehicle ahead, recommends a comfortable following distance, and alerts when you are too close.

ADVANCED BLIND SPOT MONITORING³

Radar sensors detect and alert when objects are in your left and right blind spots. It also warns when fast-travelling vehicles are about to enter a blind spot from further behind.

REAR CROSS TRAFFIC ALERT³

As you reverse, this system promptly alerts you on the back-up monitor, as well as on the side view mirrors, when it detects a vehicle approaching from the side.

SMART BRAKE SUPPORT⁴

At higher speeds, this system senses traffic ahead and alerts when braking is immediately necessary. If the sensor determines that a collision is unavoidable, the automatic brake control will engage.

HIGH BEAM CONTROL

For better vision at night, this system automatically adjusts the headlight beams from high to low as traffic and road conditions allow.

TRAFFIC SIGN RECOGNITION⁵

Using a front-mounted camera, this technology can actually read select road signs such as Speed Limit, Stop and Do Not Enter. This information then shows up in the Active Driving Display so you can stay alert and informed without taking your eyes off the road.

¹Smart City Brake Support operates under certain low-speed conditions between about 2 and 18 mph. It is not a substitute for safe and attentive driving. Factors including movement and shape of the object in front of the vehicle, weather and road conditions can all impact automatic stopping. ²Not a substitute for safe and attentive driving. There are limitations to the range and detection of the system. Please see your Owner's Manual for further details. ³Always check your mirrors. Be aware of the traffic around you. There are limitations to the range and detection of the system. Please see your Owner's Manual for further details. ⁴Smart Brake Support operates under certain conditions above 10 mph. It is not a substitute for safe and attentive driving. Factors including movement and shape of the object in front of the vehicle, weather and road conditions can all impact automatic brake control and collision warning. ⁵Traffic Sign Recognition System is not a substitute for safe and attentive driving. Factors including weather and the condition of the traffic sign can all impact recognition or display of the sign. Always check traffic signs visually while driving. There are limitations to the range and detection of the system. Please see your Owner's Manual for further details.

IIHS NAMED THE MAZDA3 A 2016 TOP SAFETY PICK+ (WHEN EQUIPPED WITH SMART CITY BRAKE SUPPORT¹)

– Insurance Institute for Highway Safety

18-INCH ALLOY WHEEL

[†]EPA-estimated mileage. Actual results will vary. [‡]Always wear your seat belt and secure children in the rear seat in appropriate child restraints. [§]Dynamic Stability Control (DSC) is an electronic system designed to help the driver maintain control under adverse conditions. It is not a substitute for safe driving practices. Factors including speed, road conditions and driver steering input can all affect whether DSC will be effective in preventing loss of control. Please see your Owner's Manual for further details. [§]Don't drive while distracted. Even with voice commands, only use MAZDA CONNECT™ / other devices when safe. Some features may be locked out while the vehicle is in motion. Not all features are compatible with all phones. Message and data rates may apply. [§]Rearview camera does not provide a comprehensive view of the entire rear area of this vehicle. Always check your surroundings. [§]Always check your mirrors. Be aware of the traffic around you. There are limitations to the range and detection of the system. Please see Owner's Manual for further details. [§]Smart City Brake Support operates under certain low-speed conditions between about 2 and 18 mph. It is not a substitute for safe and attentive driving. Factors including movement and shape of the object in front of the vehicle, weather and road conditions can all impact automatic stopping. [§]SiriusXM Satellite Radio reception requires a subscription and Mazda satellite radio. Subscriptions to SiriusXM services are sold by SiriusXM after a 4-month trial subscription to the Sirius All Access package expires and are continuous until you call SiriusXM at 1-866-635-2349 to cancel. See SiriusXM Customer Agreement for complete terms at www.siriusxm.com. Sirius satellite service available only to those at least 18 and older in the 48 contiguous USA, DC, and P.R. (with coverage limitations). Sirius, XM and all related marks and logos are trademarks of Sirius XM Radio Inc. [§]Not a substitute for safe and attentive driving. There are limitations to the range and detection of the system. Please see your Owner's Manual for further details. [§]Smart Brake Support operates under certain conditions above 10 mph. It is not a substitute for safe and attentive driving. Factors including movement and shape of the object in front of the vehicle, weather and road conditions can all impact automatic brake control and collision warning. [§]Traffic Sign Recognition System is not a substitute for safe and attentive driving. Factors including weather and the condition of the traffic sign can all impact recognition or display of the sign. Always check the traffic signs visually while driving. There are limitations to the range and detection of the system. Please see your Owner's Manual for further details.

FINANCING WITHOUT THE FUSS.

MAZDA CAPITAL SERVICES

Whether you're buying or leasing a new Mazda, Certified Pre-Owned Mazda or a used vehicle, Mazda Capital Services² can help make the financing process more convenient and satisfying. One of the largest auto lenders in America, Mazda Capital Services is known for first-class customer service, a wide range of financing options and highly competitive rates.

To find out which purchase or lease plan is right for you, talk with your Mazda Dealer or visit MazdaUSA.com.

²The tradename "Mazda Capital Services," as well as the Mazda and Mazda Capital Services logos, are owned by Mazda Motor Corporation or its affiliates and are licensed to JPMorgan Chase Bank, N.A. ("Chase"). Retail/loan and lease accounts are owned by Chase.

WE'RE COMMITTED TO OUR DRIVERS.

MAZDA EXTENDED CONFIDENCE

Every new 2017 Mazda3 is protected by a:

- 3-year/36,000-mile¹ New Vehicle Limited Warranty
- 3-year/36,000-mile¹ 24/7 Emergency Roadside Assistance Program
- 5-year/60,000-mile¹ Limited Powertrain Warranty
- 5-year/unlimited-mileage Warranty Against Body Rust-Through (Anti-Perforation Limited Warranty)

¹Whichever comes first.

FOR DETAILS, PLEASE SEE YOUR MAZDA DEALER, VISIT MAZDAUSA.COM OR CALL TOLL-FREE (800) 639-1000.

MAZDA3 ACCESSORIES. IT'S YOUR MAZDA—MAKE IT YOUR OWN.

We create every Mazda to be the best it can be. From there, it's up to you and your imagination.

Outfitting your car with Genuine Mazda Accessories is all about making a statement and getting more out of your lifestyle. There are no wrong answers, only an array of exciting choices.

You'll find the only thing better than getting a Mazda is when you make it YOUR Mazda.

For a full list of Genuine Mazda Accessories for your Mazda3, please visit Accessories.mazdausa.com.

ALLOY WHEELS

The Mazda3 offers your choice of Alloy Wheels. Choose the high-end look of Gloss Black 18-inch forged RAYS Wheels with diamond-cut edge—designed exclusively for the Mazda3—or the sleek and unique look of 16- or 18-inch Dark Alloy Wheels.

ALL-WEATHER FLOOR MATS

Protect your car from the elements, as well as a spilled coffee on your way to work. Our specially fitted All-Weather Floor Mats are designed to hold a healthy amount of liquid, making spills easier to deal with.

CARGO TRAY¹

This flexible, durable Cargo Tray protects against damage and spills by elevating your cargo on top of grooves designed to help divert and catch any messy liquids. Removes easily for quick cleanup.

NAVIGATION SYSTEM

This convenient system integrates with your car's display screen to offer advanced lane guidance and a 3D interactive map. Plus, it can be controlled by voice commands.

REAR BUMPER GUARD

Help protect your rear bumper from chips and scratches. Our durable stainless steel Rear Bumper Guard helps make loading or unloading your gear less perilous.

MAZDA MOBILE START²

Did you lock your car or not? Know for sure with the convenience of our smartphone-controlled Mazda Mobile Start App. Lock or unlock your doors, start the engine, turn on the rear defroster or use the Carfinder function from just about anywhere. 1-year subscription included. Visit MazdaMobileStart.com.

AERO KIT

Give your Mazda3 a bold, aerodynamic stance. Accessorize your ride with our Brilliant Black Aero Kit that includes Door Mirror Caps, Front Air Dam, Side Sill Extensions, Rear Diffuser and body-colored Rear Spoiler. Pick and choose only the accessories you like, or go all-out and deck your drive with all five.

¹Please remember to properly secure all cargo.

²One-year subscription included. Continuation is \$65 per year. App available on iPhone® and Android™ phones for specified Mazda vehicles with automatic transmission. Check www.mazdamobilestart.com for compatibility. Message and data rates may apply.

DRIVING MATTERS MOST WHEN YOU'RE DRIVING FOR GOOD.

To Mazda, there's only one thing that means as much as driving: giving back.

The Mazda Drive for Good® Event is our annual charitable program that allows us to give back to those in need. But we don't do this alone. For every purchase of a Mazda, drivers like you have helped us raise millions of dollars for both national and local charities. But what's even more significant is that for every test drive taken during the event, we pledge one hour of community service to local worthy causes across the country. And to date, we've pledged more than 195,000 hours of volunteer time to those who need it most. All thanks to people like you who simply took a test drive.

Our Mazda Dealers have a long history of giving back both time and money to their communities. And their efforts truly define our Mazda values. Mazda Drive for Good is just one of the many charitable programs that has allowed Mazda to donate to worthy causes across the United States since 1992.

Because we believe giving back matters.

WE KNOW YOUR FIRST IMPRESSION OF MAZDA STARTS WITH US, YOUR MAZDA DEALER.

It's a responsibility we don't take lightly. It's why we work hard every day to make sure your customer service experience exceeds your expectations, in every way. From the factory to your first test drive and to every drive you'll ever make in a Mazda, we're here because Driving Matters.
